Epic Link:	"Product" module.
Sprint:	AG Sprint 1

Description

1. Navigate to <https://jpetstore.aspectran.com/catalog/>
2. Select a category of pets.
3. Click on a specific item ID.
4. Verify that the prices are displayed correctly.

Expected results:

Prices should be high since the selected breed is an expensive one.

Actual results:

The selected breed's price is low.

[AG-51] The choose product didn't show the correct image of the product from 'Products' module. Created: 18/Oct/23 Updated: 02/Nov/23

Epic Link:	"Product" module.		
Sprint:	AG Sprint 1		

Description

Steps to reproduce:

1. Navigate to JPetStore catalog of products.
2. Select a category of pets.[Ex:Dogs](#)
3. Select a product by click on the product ID.[Ex Ex:Product code: K9-CW-01](#)
[Description: Adult Female Chihuahua](#)
4. Click on a specific item.[Ex: EST-27](#)
[Description: Adult Female Chihuahua](#)
5. Check if the image has been displayed correctly.

Expected results:

The product image should represent as in the description name, a **Adult Female Chihuahua**

Actual results:

The image represents another breed of dog instead of the correct one.

[AG-44] Unable to Edit Profile Picture in "Account Management" Created:

Issue links:	Relates relates to AG-43 Verify user's ability to edit profile... Done
Epic Link:	"Account System" module.
Sprint:	AG Sprint 1

Description
<ol style="list-style-type: none"> Log in to the “JPetStore Demo (aspectran.com)” Navigate to the "Account Management" feature by clicking on the appropriate link or button. In the "Account Management" section, locate the option to edit the profile picture. Click on the "Edit Profile Picture" option to initiate the process. Follow the provided steps to upload or change the profile picture.

Expected Result: The user should be able to successfully update their profile picture as per the provided steps within the "Account Management" feature.

Actual Result: The issue is encountered during the profile picture update process, and the user is unable to change their profile picture. Upon attempting to upload a new image, the system does not respond as expected, and the profile picture remains unchanged.
